changing from their original statements that they would pay for certain costs incurred directly as a result of the [REDACTED] project, such as training, travel, and contractual support. It appears now that NRO expects NPIC to foot the expenses of travel and TDY for NPIC personnel. This has been attested to by all NPIC representatives who have attended the earlier [REDACTED] meetings and was restated as our understanding in Mr. Lundahl's reply to [REDACTED] letter. These costs will be taken up with pertinent NPIC authorities to determine if we can or are willing to accept this burden in addition to the many manhours, etc., which NPIC is already committed to.
